## Total Design Freedom

Unlike others, we don't offer "collections" from which to choose. No two homes or needs are alike, and your choices shouldn't be limited by our design choices. Everything we offer is custom-designed and custom-built for you.

You choose the style...you choose the colors and finishes...and you choose the accessories you want. Whether you prefer clean and modern, or traditional or classic, we've got you covered.

## More Design Choices

We offer more than 30 door styles and numerous color and finish options to blend perfectly with your taste and décor. Your finished project will look great, and fit perfectly! And everything is built to last a long, long time.

Redline Closet Systems provide solutions for almost any organization issue, and work anywhere in your home. Closet clutter out of hand? We can show you how to get the most out of every inch of your closet space. Need an entertainment center or bookcases that not only work great but look perfect in any room of your home? We can help you with that.

We will work with you to design your perfect storage solution, and will install everything for you, so you can get started on your next project... how about your garage?

# End Your Closet Clutter with Style!

Closets are often one of the least organized, and under utilized, areas in the home. All too often this space goes to waste because of overwhelming and embarrassing clutter! You can take advantage of every inch of space your closet has to offer with our full, turn-key design and installation services, closet organizers, and other home storage solutions for other areas of your home.

## Redline Closet Systems Offer You More...

### Quality

We use only high quality materials and hardware for Redline Closet Systems, so your closet system will stand up to daily use and work and look great for many years. All cabinetry is custom manufactured to your exact specifications, ensuring your final closet organizer will fit your space like a glove.

### Choice

With Redline Closet Systems you're not limited to a "collection" or a standard off-the-shelf solution. Every closet and need is different, so we offer 17 shelf and cabinet depths in virtually any height. And with our huge variety of colors, finishes, door styles, and accessories, we can fit your needs exactly.

### Style

We offer more than 30 door style choices – contemporary, traditional or classic – all in a wide variety of finishes. Our designers will ensure your custom closet will look great and work great! And finally, Redline Closet Systems is installed by factory-trained professionals, ensuring proper fit and function.

## Walk-in Closets

An organized custom walk-in closet can get you off to a great start each day. Whether your space is large, or not-so-large, we can make use of every inch of it. And your closet will look great. We offer more style and color options than our competitors, and you're never limited by pre-determined choices.

## Reach-in or Built-in

Even a small space will benefit greatly from a custom-built organizer that makes efficient use of every inch of your closet. Looking for a different take on a reach-in closet? Use your existing reach-in closet space for a custom built-in (above). With our great selection of styles, colors and finishes, it will look great in any room.

## Wardrobe Closets

No existing closet space in your room? We can transform any space into a free-standing wardrobe closet. A well designed custom wardrobe can provide the storage you need, even if none existed before. And with the variety of styles, colors and finishes available, your wardroom will blend with any décor and look like a custom piece of furniture.

# Accessories to Complete Your Closet

Accessories will complete your custom closet and turn it into a functional organized space. With our large variety of rods, baskets, bins and racks, you can personalize your space to work exactly the way you want. Finally, complete your closet makeover with decorative handles and pulls in complementary colors and finishes.

# Cabinet and Door Styles

Unlike others, we don't offer "collections" from which you can choose. Everyone's needs and tastes are different and should not be limited by our design choices. We offer three distinct door styles, each with distinct color and finish choices. You can be certain to find a style to suit your tastes and décor.

## Shaker Doors

Shaker doors offer a clean stylish look that works well anywhere. We offer several styles of Shaker Doors.

**5 Piece Shaker** doors feature true stile and rail design in beautiful woodgrain finishes and textures.

**Shaker Style** doors are available in a powder coat or thermofoil laminate.

## Raised Panel Doors

Want more choices? Raised Panel Door styles are available to match any décor... contemporary, traditional or classic.

**Raised Panel** doors are available in a variety of woodgrain or solid color thermofoil laminates, or powder-coated finishes.

## Flat Panel Doors

This clean, simple style works perfectly with contemporary or modern décor.

**Flat Panel** doors (often called slab doors) are available in a wide selection of melamine finishes and color choices.

## Drawer Boxes

We offer two drawer styles from which to choose...a white melamine drawer box or our top-of-the-line Baltic birch drawer box featuring superior dovetail construction. All drawers feature full-extension drawer glides for maximum usability.

## Trim and Molding

Custom trim and molding provide the finishing details for your project. Baseboard or crown molding are an attractive way to deal with uneven floors or ceilings. Trim is finished to match your cabinets.

# Finishes and Powder Coat Colors

We have colors and finishes that will complete any décor. Whether you want a simple solid color, or a classic woodgrain look, we can help. We offer finishes for each style of door.

## Thermofoil Laminate

Thermofoil is perfect for surfaces that feature custom profiles, like our Shaker Doors or our Raised Panel Doors. Thermofoil is a thin laminate that is fused to a medium-density fiberboard (MDF) panel, creating a smooth easy-to-care-for finish. Thermofoil is available in a wide range of woodgrains and solid colors.

## Melamine

Melamine is a sheet material used on flat surfaces, such as our Shaker 5 Piece Door and our Flat Panel Door styles. Melamine is also used on side panels. Melamine offers a wide range of textured woodgrain and solids color finishes. Some woodgrain melamine is nearly indistinguishable from natural wood.

## Powder Coat

We offer nine beautiful powder-coated colors that are great by themselves or used mix and match with thermofoil or melamine woodgrain finishes. Powder coating works great on all flat or profiled surfaces. We use a proprietary in-house process, resulting in a seamless finish that is attractive and very durable.
